

WHAT IS YOUR STUDENT'S ORGANIZATIONAL STYLE?

1. When your student is looking for his materials (e.g. backpack, book), he asks you:
 - a. "Did you see my book?"
 - b. "Do you know where I put my book?"
 - c. "Do you know when I last had my book?"

2. When your student is doing her classwork (or homework), she:
 - a. Puts all the items she'll need out in front of her
 - b. Clears off the area before she gets started
 - c. Stacks her assignments in a certain order before or after completing the assignments

3. Your student responds best when you:
 - a. Write the notes on the board
 - b. Make her feel good about herself
 - c. Run a very structured and orderly class

4. When allowed to pick an activity, your student often prefers to:
 - a. Look at pictures or books
 - b. Build with blocks or Legos (hands-on games)
 - c. Play with electronic devices

5. When your student returns from the weekend or a fun event, he:
 - a. Describes what it looked like
 - b. Described how he felt during the activity
 - c. Describes every detail in the order that they took place

6. Which Friday Fun Day activity would be most preferred:
 - a. Movie
 - b. Movement game or additional PE time
 - c. Computer time/game

7. When picking out a book at the library, your student looks for:
 - a. The book with the nicest cover
 - b. A title that he feels good about
 - c. A book about history or a biography

8. Your student decides if they want to participate in an extra-curricular activity by:
 - a. Deciding how much fun he thinks it will be based on the flier he got
 - b. Thinking about what he will do at the activity
 - c. Wondering how long the activity will be

If you answered mostly A, your student may be considered to have a visual organizational style.

If you answered mostly B, your student may be considered to have a spatial/cozy organizational style.

If you answered mostly C, your student may be considered to have a chronological/sequencing organizational style.
